Better Team Work and Snappy Play Brings Victory to Tune of

31 to 13.

The South Omaha High school basketball team defeated the Council Bluffs High school team last night by a score of 31 to 13. The game was played before a fair crowd at the South Omaha Young Men's Christian association gymnasium. The playing was a scramble from the start on account of the limited floor space and the eagerness of the teams to win. Rather than allow a free throw at the goals either side did not hesitate to foul the other. This fouling was simply in the way of interference and could not be classed as rough play. The South Omaha boys excelled in team work and at times did some remarkably swift passing. Stryker at center had the advantage of reach and experience in the game. Collins did good

work as one of the forwards. The Council Bluffs forwards did good work also, but seldom got a change at the goal on account of the fast work of the South Omaha team in carrying the ball to its own goal. At the end of the first half the score stood 19 to 6 in favor of South the News Carriers' union. Omaha and the last half showed about as wide a difference. The Council Biuffs TOLEDO ALSO WOULD team won more of its free throws after a foul was called.

AMES, Ia., Jan. 16.—(Special.)—Though the opening of school is ten days away, the Ames basket ball candidates are beginning to return to school, and daily work to outs are being taken under the direction of Coach Clyde Williams. Among those who hase returned are: Captain Herbert, the star forward of last year's five; Velurup, the gigantic tackle of the reserves. Mosher, Weiss, Walker, "Jumbo" Brown and Joe Brown of Sionx City. Voltrup will probably make center, as he is six feet four inches in height, fast and aggressive and understands the game. The local squad is handloapped by the lack of quarters. A room in the top of the engineering annex thas been set aside for the basket tossers, but it has a cement floor and the track men who would try out for the basket ball team are discouraged by the prospects and, being fearful of "stoving up" their feet, will probably remain off of the squad.
